Audubon Seeks Volunteer Receptionists!

The longstanding environmental group, the Tahoma Audubon Society, seeks volunteers interested in environmental protection to help our office and staff. Are you looking for some office experience? Do you love nature and the environment? If so, read on!

What do the Tahoma Audubon Receptionists do? Audubon receptionists are often the face of our organization, greeting park visitors and assisting Tahoma Audubon's staff by answering phones, checking office messages and sorting mail. They are essential members of Audubon's team, serving our staff and membership on a daily basis to answer bird inquiries, direct individuals who find sick, dead, or injured birds, and move the cause of environmentalism forward.

When and where do your receptionists volunteer? Our receptionists normally volunteer one day a month, from 10 a.m. – 1 p.m. Monday through Saturday at the Adriana Hess Wetland Park Office, located at 2917 Morrison Road, University Place, Washington.
